## **II. REASON(S) FOR DENIAL OF RECORD(S), IF APPLICABLE:**

This section applies if your request has request has been denied in whole or in part. (If denied in part, the request(s) that are denied are circled on the attached copy of your FOIA Request and the applicable exemption(s) are written next to the request.) The denial is based on the following exemption(s) from disclosure of public records under FOIA, specifically MCL 15.243 Section 13: (*Check all that apply.*)

**\_\_** (1)(a) Information of a personal nature where public disclosure of the information would constitute a clearly unwarranted invasion of an individual's privacy.

**\_\_** (1)(d) Records or information specifically described and exempted from disclosure by statute, specifically MFT v U of M 481 Mich 675 (2008) .

## ANN ARBOR PUBLIC SCHOOLS

(1)(e) A public record described in this section that is furnished by the public body originally compiling preparing or receiving the record or information to a public officer or public body in connection with the performance of the duties of that public officer or public body, if the considerations originally giving rise to the exempt nature of the public record remain applicable.

(1)(g) Information or records subject to attorney-client privilege.

(1)(h) Information or records subject to the physician-patient privilege, psychologist-patient privilege, or other privilege recognized by statute or court rule.

(1)(i) A bid or proposal by a person to enter into a contract or agreement, until the time for the public opening of bids or proposals, or if a public opening is not conducted, until the deadline for submission of bids or proposals has expired.

(1)(k) Test questions and answers, scoring keys, and other examination instruments or data used to administer a license, public employment, or academic examination, unless the public interest in disclosure outweighs the public interest in nondisclosure.

(1)(l) Medical, counseling, or psychological facts or evaluations concerning an individual if the individual's identity would be revealed by disclosure of those facts or evaluation.

(1)(m) Communications and notes within a public body or between public bodies of an advisory nature to the extent that they cover other than purely factual materials and are preliminary to a final agency determination of policy or action. This exemption does not apply unless the public body shows that in a particular instance the public interest in encouraging frank communications between officials and employees of public bodies clearly outweighs the public interest in disclosure. This exemption does not constitute an exemption under state law for purposes of section 8(h) of the Open Meetings Act, MCL 15.268, *et al.* As used in this subdivision, "determination of policy or action" includes a determination relating to collective bargaining, unless the public record is otherwise requested to be made available under MCL 423.201 to 423.217.

(1)(p) Testing data developed by a public body in determining whether bidders' products meet the specifications for purchase of those products by the public body, if disclosure of the data would reveal that only one bidder has met the specifications. This subdivision does not apply after 1 year has lapsed from the time the public body completes the testing.

(1)(u) Records of a public body's security measures, including security plans, security codes and combinations, passwords passes, keys, and security procedures, to the extent that the records relate to the ongoing security of the public body.

(1)(v) Records or information relating to a civil action in which the requesting party and the public body are parties.

(1)(w) Information or records that would disclose the social security number of any individual.

(2) A public body shall exempt from disclosure information that, if released, would prevent the public body from complying with section 444 of subpart 4 of part C of the general education provisions act, title IV of Public Law 90-247, 20 USC 1232g, commonly referred to as the family educational rights and privacy act of 1974. A public body that is a local or intermediate school district shall exempt from disclosure directory information, as defined by section 444 of subpart 4 of part C of title IV of Public Law 90-247, 20 USC 1232g, requested for the purpose of surveys, marketing, or solicitation, unless that public body determines that the use is consistent with the educational mission of the public body and beneficial to the affected students. A public body that is a local or intermediate school district may take steps to ensure that directory information disclosed under this subsection shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

Comments and/or Other Exemption Not Listed Above (if applicable): AAPS does not have a report that contains the amount of money spent on substitute teachers nor percentages of absenteeism. This data is not contained in a single report. Public bodies are not required to create reports for FOIA requests.

## **II. REASON(S) FOR DENIAL OF RECORD(S), IF APPLICABLE:**

This section applies if your request has been denied in whole or in part. (If denied in part, the request(s) that are denied are circled on the attached copy of your FOIA Request and the applicable exemption(s) are written next to the request.) The denial is based on the following exemption(s) from disclosure of public records under FOIA, specifically MCL 15.243 Section 13: (*Check all that apply.*)

     (1)(a) Information of a personal nature where public disclosure of the information would constitute a clearly unwarranted invasion of an individual's privacy.

     (1)(d) Records or information specifically described and exempted from disclosure by statute, specifically MFT v U of M 481 Mich 675 (2008) .

## ANN ARBOR PUBLIC SCHOOLS

(1)(e) A public record described in this section that is furnished by the public body originally compiling preparing or receiving the record or information to a public officer or public body in connection with the performance of the duties of that public officer or public body, if the considerations originally giving rise to the exempt nature of the public record remain applicable.

(1)(g) Information or records subject to attorney-client privilege.

(1)(h) Information or records subject to the physician-patient privilege, psychologist-patient privilege, or other privilege recognized by statute or court rule.

(1)(i) A bid or proposal by a person to enter into a contract or agreement, until the time for the public opening of bids or proposals, or if a public opening is not conducted, until the deadline for submission of bids or proposals has expired.

(1)(k) Test questions and answers, scoring keys, and other examination instruments or data used to administer a license, public employment, or academic examination, unless the public interest in disclosure outweighs the public interest in nondisclosure.

(1)(l) Medical, counseling, or psychological facts or evaluations concerning an individual if the individual's identity would be revealed by disclosure of those facts or evaluation.

(1)(m) Communications and notes within a public body or between public bodies of an advisory nature to the extent that they cover other than purely factual materials and are preliminary to a final agency determination of policy or action. This exemption does not apply unless the public body shows that in a particular instance the public interest in encouraging frank communications between officials and employees of public bodies clearly outweighs the public interest in disclosure. This exemption does not constitute an exemption under state law for purposes of section 8(h) of the Open Meetings Act, MCL 15.268, *et al.* As used in this subdivision, "determination of policy or action" includes a determination relating to collective bargaining, unless the public record is otherwise requested to be made available under MCL 423.201 to 423.217.

(1)(p) Testing data developed by a public body in determining whether bidders' products meet the specifications for purchase of those products by the public body, if disclosure of the data would reveal that only one bidder has met the specifications. This subdivision does not apply after 1 year has lapsed from the time the public body completes the testing.

(1)(u) Records of a public body's security measures, including security plans, security codes and combinations, passwords passes, keys, and security procedures, to the extent that the records relate to the ongoing security of the public body.

(1)(v) Records or information relating to a civil action in which the requesting party and the public body are parties.

(1)(w) Information or records that would disclose the social security number of any individual.

(2) A public body shall exempt from disclosure information that, if released, would prevent the public body from complying with section 444 of subpart 4 of part C of the general education provisions act, title IV of Public Law 90-247, 20 USC 1232g, commonly referred to as the family educational rights and privacy act of 1974. A public body that is a local or intermediate school district shall exempt from disclosure directory information, as defined by section 444 of subpart 4 of part C of title IV of Public Law 90-247, 20 USC 1232g, requested for the purpose of surveys, marketing, or solicitation, unless that public body determines that the use is consistent with the educational mission of the public body and beneficial to the affected students. A public body that is a local or intermediate school district may take steps to ensure that directory information disclosed under this subsection shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

Comments and/or Other Exemption Not Listed Above (if applicable): AAPS does not have a report that contains the amount of money spent on substitute teachers nor percentages of absenteeism. This data is not contained in a single report. Public bodies are not required to create reports for FOIA requests.

## **II. REASON(S) FOR DENIAL OF RECORD(S), IF APPLICABLE:**

This section applies if your request has been denied in whole or in part. (If denied in part, the request(s) that are denied are circled on the attached copy of your FOIA Request and the applicable exemption(s) are written next to the request.) The denial is based on the following exemption(s) from disclosure of public records under FOIA, specifically MCL 15.243 Section 13: (*Check all that apply.*)

**\_\_ (1)(a)** Information of a personal nature where public disclosure of the information would constitute a clearly unwarranted invasion of an individual's privacy.

**\_\_ (1)(d)** Records or information specifically described and exempted from disclosure by statute, specifically MFT v U of M 481 Mich 675 (2008) .

# ANN ARBOR PUBLIC SCHOOLS

(1)(e) A public record described in this section that is furnished by the public body originally compiling preparing or receiving the record or information to a public officer or public body in connection with the performance of the duties of that public officer or public body, if the considerations originally giving rise to the exempt nature of the public record remain applicable.

(1)(g) Information or records subject to attorney-client privilege.

(1)(h) Information or records subject to the physician-patient privilege, psychologist-patient privilege, or other privilege recognized by statute or court rule.

(1)(i) A bid or proposal by a person to enter into a contract or agreement, until the time for the public opening of bids or proposals, or if a public opening is not conducted, until the deadline for submission of bids or proposals has expired.

(1)(k) Test questions and answers, scoring keys, and other examination instruments or data used to administer a license, public employment, or academic examination, unless the public interest in disclosure outweighs the public interest in nondisclosure.

(1)(l) Medical, counseling, or psychological facts or evaluations concerning an individual if the individual's identity would be revealed by disclosure of those facts or evaluation.

(1)(m) Communications and notes within a public body or between public bodies of an advisory nature to the extent that they cover other than purely factual materials and are preliminary to a final agency determination of policy or action. This exemption does not apply unless the public body shows that in a particular instance the public interest in encouraging frank communications between officials and employees of public bodies clearly outweighs the public interest in disclosure. This exemption does not constitute an exemption under state law for purposes of section 8(h) of the Open Meetings Act, MCL 15.268, *et al.* As used in this subdivision, "determination of policy or action" includes a determination relating to collective bargaining, unless the public record is otherwise requested to be made available under MCL 423.201 to 423.217.

(1)(p) Testing data developed by a public body in determining whether bidders' products meet the specifications for purchase of those products by the public body, if disclosure of the data would reveal that only one bidder has met the specifications. This subdivision does not apply after 1 year has lapsed from the time the public body completes the testing.

(1)(u) Records of a public body's security measures, including security plans, security codes and combinations, passwords passes, keys, and security procedures, to the extent that the records relate to the ongoing security of the public body.

(1)(v) Records or information relating to a civil action in which the requesting party and the public body are parties.

(1)(w) Information or records that would disclose the social security number of any individual.

(2) A public body shall exempt from disclosure information that, if released, would prevent the public body from complying with section 444 of subpart 4 of part C of the general education provisions act, title IV of Public Law 90-247, 20 USC 1232g, commonly referred to as the family educational rights and privacy act of 1974. A public body that is a local or intermediate school district shall exempt from disclosure directory information, as defined by section 444 of subpart 4 of part C of title IV of Public Law 90-247, 20 USC 1232g, requested for the purpose of surveys, marketing, or solicitation, unless that public body determines that the use is consistent with the educational mission of the public body and beneficial to the affected students. A public body that is a local or intermediate school district may take steps to ensure that directory information disclosed under this subsection shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

Comments and/or Other Exemption Not Listed Above (if applicable): AAPS does not have a report that contains the amount of money spent on substitute teachers nor percentages of absenteeism. ## **II. REASON(S) FOR DENIAL OF RECORD(S), IF APPLICABLE:**

This section applies if your request has request has been denied in whole or in part. (If denied in part, the request(s) that are denied are circled on the attached copy of your FOIA Request and the applicable exemption(s) are written next to the request.) The denial is based on the following exemption(s) from disclosure of public records under FOIA, specifically MCL 15.243 Section 13: (*Check all that apply.*)

**\_\_** (1)(a) Information of a personal nature where public disclosure of the information would constitute a clearly unwarranted invasion of an individual's privacy.

**\_\_** (1)(d) Records or information specifically described and exempted from disclosure by statute, specifically MFT v U of M 481 Mich 675 (2008) .

# ANN ARBOR PUBLIC SCHOOLS

(1)(e) A public record described in this section that is furnished by the public body originally compiling preparing or receiving the record or information to a public officer or public body in connection with the performance of the duties of that public officer or public body, if the considerations originally giving rise to the exempt nature of the public record remain applicable.

(1)(g) Information or records subject to attorney-client privilege.

(1)(h) Information or records subject to the physician-patient privilege, psychologist-patient privilege, or other privilege recognized by statute or court rule.

(1)(i) A bid or proposal by a person to enter into a contract or agreement, until the time for the public opening of bids or proposals, or if a public opening is not conducted, until the deadline for submission of bids or proposals has expired.

(1)(k) Test questions and answers, scoring keys, and other examination instruments or data used to administer a license, public employment, or academic examination, unless the public interest in disclosure outweighs the public interest in nondisclosure.

(1)(l) Medical, counseling, or psychological facts or evaluations concerning an individual if the individual's identity would be revealed by disclosure of those facts or evaluation.

(1)(m) Communications and notes within a public body or between public bodies of an advisory nature to the extent that they cover other than purely factual materials and are preliminary to a final agency determination of policy or action. This exemption does not apply unless the public body shows that in a particular instance the public interest in encouraging frank communications between officials and employees of public bodies clearly outweighs the public interest in disclosure. This exemption does not constitute an exemption under state law for purposes of section 8(h) of the Open Meetings Act, MCL 15.268, *et al.* As used in this subdivision, "determination of policy or action" includes a determination relating to collective bargaining, unless the public record is otherwise requested to be made available under MCL 423.201 to 423.217.

(1)(p) Testing data developed by a public body in determining whether bidders' products meet the specifications for purchase of those products by the public body, if disclosure of the data would reveal that only one bidder has met the specifications. This subdivision does not apply after 1 year has lapsed from the time the public body completes the testing.

(1)(u) Records of a public body's security measures, including security plans, security codes and combinations, passwords passes, keys, and security procedures, to the extent that the records relate to the ongoing security of the public body.

(1)(v) Records or information relating to a civil action in which the requesting party and the public body are parties.

(1)(w) Information or records that would disclose the social security number of any individual.

(2) A public body shall exempt from disclosure information that, if released, would prevent the public body from complying with section 444 of subpart 4 of part C of the general education provisions act, title IV of Public Law 90-247, 20 USC 1232g, commonly referred to as the family educational rights and privacy act of 1974. A public body that is a local or intermediate school district shall exempt from disclosure directory information, as defined by section 444 of subpart 4 of part C of title IV of Public Law 90-247, 20 USC 1232g, requested for the purpose of surveys, marketing, or solicitation, unless that public body determines that the use is consistent with the educational mission of the public body and beneficial to the affected students. A public body that is a local or intermediate school district may take steps to ensure that directory information disclosed under this subsection shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

Comments and/or Other Exemption Not Listed Above (if applicable): AAPS does not have a report that contains the amount of money spent on substitute teachers nor percentages of absenteeism. This data is not contained in a single report. Public bodies are not required to create reports for FOIA requests.
